Studio: Recording Associates, Portland, Oregon
Engineers: Mike Moore, Jim Behrendt
Back Cover Photos: Tony Weller

The talents of a young man together with the electronic sounds of the new organs means new life to the organ world. Bob Snyder, born in Canada where he attended the University of Alberta, moved to Portland, Oregon in 1976 as staff teacher for the Washington Square Magnavox Store in the mall. Showing his many talents on the various organs has him around the country doing concerts on the Lowrey and Gulbransen organs. As the manager of the organ department at the Washington Square Store, he has shown his abilities as a promising new executive in the musical world. His unique talents have produced a very different recording of some of the favorite songs that are most requested at his appearances. His comical personality brings much enjoyment and laughter to everyone around him.

Enjoy this recording of Bob Snyder at the organ along with Levi LaRue at the drums.
